The product information is as follows:

**Product:** Magstim Double 70mm Air Film Coil
**Class:** Class CFR 882.1870
**Panel:** Neurology
**Product Code:** GWF

**Classification name:** Stimulator, Electrical, Evoked Response
**Common or usual names:** Cooled Coil
**Proprietary name:** Magstim Double 70mm Air Film Coil

### 5.1 Description of the Device

The Magstim Double 70mm Air Film Coil is an air-cooled coil intended for peripheral stimulation of the nerves. This coil enables deep, and otherwise inaccessible, nerves to be
stimulated easily and relatively painlessly. Additionally, no skin preparation is required and stimulation can be achieved through clothing. The Magstim Double 70mm Air Film Coil is for use by, or under the supervision of, a medical practitioner only.

5.2 Intended Use of the Device

The Magstim Double 70mm Air Film Coil is a stimulating coil solely intended for use with the Magstim Rapid™ Stimulating Unit for the purposes of peripheral nerve stimulation. The coil is an accessory of the Magstim Rapid™ Unit.

5.3 Predicate Devices

The predicate devices used in this submission are:

- Magstim Double 70mm Remote Coil (reference K060847).
- Magstim 2nd Generation Double 70mm Coil (reference K051864).

5.4 Conclusions

The Magstim Double 70mm Air Film Coil is both safe and effective and is similar in its risks and benefits, as well as its manner of performance, to the predicate devices listed above.
Dear Ms. Evans:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA’s issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act’s requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.
This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Center for Devices and Radiological Health’s (CDRH’s) Office of Compliance at (240) 276-0120. Also, please note the regulation entitled, “Misbranding by reference to premarket notification” (21 CFR Part 807.97). For questions regarding postmarket surveillance, please contact CDRH’s Office of Surveillance and Biometric’s (OSB’s) Division of Postmarket Surveillance at (240) 276-3474. For questions regarding the reporting of device adverse events (Medical Device Reporting (MDR)), please contact the Division of Surveillance Systems at (240) 276-3464. You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at toll-free number (800) 638-2041 or (240) 276-3150 or Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Mark N. Melkerson
